The excitement of meeting Celebrity Artist Romero Britto and seeing his work brought VIP's, special guests and the press to the Gallery of Music and Art, in the Forum Shops at Caesars Palace.

I wanted to experience the art of the world's most famous pop artist, to understand his work. Romero's brings his whimsical look at the world as he skillfully plays with bright colors and a variety of shapes.

Britto's art is optimistic, he sees the world differently taking a simple subject as a dog creating humor, expressing the warmth and friendship of a hug and his head-turning mega-sized sculpture of palm trees — North Star at The Shops at 5th and Alton, Miami Beach.

Britto's paintings and large sculptures are defined by his technique simplifying the theme while keeping its basic features. Whether it is a painting or sculpture, you can recognize celebrity artist Romero Britto's work!

Perhaps because Britto was self-taught, he had an opportunity to be free, unrestrained and experiment with his own paintings bringing original works of art.

Romero Britto will be on exhibition and available for acquisition at the Gallery of Music & Art at the Forum Shops in Caesars Palace. His exhibition opened on Tuesday, January 24, 2017, with a live Artist Appearance and will present until February 20, 2017.
